

December 28, 2016

The Divisional Police Officer,
Ikot Abasi Local Government Area,
Ikot Abasi, Akwa Ibom State.

Dear Sir,

Provision of Police Report to Department of Petroleum Resources, DPR, for LPG Depot and Power Station Project.

We wish to apply for police report to enable us process our application for ATC from DPR aimed at developing an LPG depot and a power plant at Ikpetim Village of Ikot Abasi. Find in the attached letter of DPR to us in item no. 5 the request for police report. We have purchased the land from Topcem Nig Ltd and have concluded and signed MUO with the community to commence development of the project.

1. Description of the Site

The project site is at Ikpetim village adjacent to ALSCON conveyor belt. It is situated on the right-hand side when you are facing ALSCON jetty on the Imo River. (Your officer in-charge of Admin, has visited the site with us)

2. Project Description

The project is to build an LPG storage depot and Power Station on 100,000m² land. The LPG depot will be used to supply fuel to the power plant seating side by side with it and also supply cooking gas across the country. The power plant will in turn generate electricity for the nation to be fed through the TCN 330KV Substation at Ikot Abasi. The project will provide numerous jobs to the indigenes during construction and operation. It is going to help reduce unemployment and thereby reduce youth restiveness and criminality.

We will be delighted if you give us your approval through your report to facilitate the processing of the ATC from DPR. We assure you that we will co-operate with you and your team to achieve this project and a better Ikot Abasi community. Thanks for your usual co-operation.

Yours truly,

For: **Banner Energy Ltd,**

Mr. Nuhu Yakubu
Managing Director.
